Culinary highlights & entertainment

Park of lights Seefeld

From December, the Kurpark Seefeld shines with **atmospheric light installations:**

Stars twinkle in the trees, the casino tower glitters festively and a glowing whale swims its laps in the pond, while just a few meters away you can try your hand at the interactive game "4-Gewinnt". As the Christmas market in the historic town center is also just "around the corner", it makes for particularly beautiful walks through the snow-covered Seefeld. And because the delicacies, stores and stalls up here are so inviting to taste, the use of buses and regional trains is highly recommended. **Careful handling of light emissions, a long service life for the LED lighting fixtures used and low energy consumption were given priority during project implementation.**
